Tom,

Very sorry to be slow in getting back to you. I've been in back to back meetings all day.

10:30-11 Friday morning is blocked out on my calendar. If that works for you, I can ask Betsy to send out an invite and a call number.

I just had to fill the 9-9:30 window with something else, which further limits our options here. Sorry.

Shaun, Julie

I can make time available tomorrow morning to discuss the Boulder permit and nutrient variance. Our preferred time is 10 – 11, but we could also make the time block between 8:30 and 10:00 work. Is there any chance you would be available?

On our end we would have George Mathieus (standards), Jon Kenning (permits), Kurt Moser (water attorney) and me (color commentary).

Thanks.

-Tom
